

OUR MISSION: To expand volleyball opportunities for coaches and athletes to enter the USA Pipeline and gain national level experience.

The Aloha Region Junior Committee is committed to offer our junior players and coaches an opportunity to get involved with the USA Volleyball High Performance Program. Every year, typically in early March, we host national tryouts for the USA Volleyball HP National teams and camps. We are also committed to offer another opportunity by conducting regional tryouts for our Aloha Region Juniors HP Regional Teams to compete in the USA Volleyball High Performance Championship Tournament.
