RE: Unsanctioned Tournaments

It has been brought to our attention that a number of teams/clubs have been hosting events of various age divisions that are not sanctioned by Aloha Region and/or USA Volleyball. This indicates they have not requested/been approved for sanctioning and are not covered by USAV policies and insurance.

Any complaints/claims that would arise, including but not limited to code of conduct violations, code of ethics violations, sexual misconduct, and injury, would fall on the event organizers and/or participants of the event.

Sanctioned competition protects a player's eligibility for participation in regional, zonal, national and international competition.

For anyone participating, please be diligent in reviewing insurance, waivers and release of liability guidelines beforehand.
